NEW YORK.

INDICATOR VANES.

Our extended experience in manufacturing and erecting Indicator Vanes, enables us to furnish these in plain and ornamental designs.

Only approximate cost could be given, as this varies according to the necessary machinery and elaboration of detail.

Estimates will be cheerfully furnished on receiving the necessary information.

PRICE LIST

OF

COPPER WEATHER VANES,

BANNERETS AND FINIALS,

MANUFACTURED BY

A. B. & W. T. WESTERVELT,

102 CHAMBERS STREET,

Cor. Church Street, NEW YORK.

In compiling this (the seventh) edition of our Illustrated Catalogue, of Weather Vanes, Bannerets and Finials, we have endeavored to include appropriate designs for Churches, Public Buildings, Residences, Stables, Barns, &c., &c., thus making it the most complete work issued; we are, however, continually adding new and original designs to our stock.

Our Vanes are made **Entirely of Copper** *and* **Gilded with the Finest Gold Leaf,** *will keep bright, will not corrode, and are perfect indicators of the wind's direction.*

The letters and balls are well gilded, the spires are of wrought iron, with hardened steel spindles for the Vanes to turn upon.

Our Copper Eagles, *from the largest to the smallest, for* **Vanes or Architectural** *purposes, are full bodied, the wings of double thickness, and are a perfect representation of the* **American Eagle.**

The revised and reduced Price of each Vane includes a Wrought Iron Spire, with points of Compass, Gilt Letters and Balls.

Vanes of any design or size, to order on short notice and at reasonable rates.

We would caution our customers and the public against being deceived by Vanes which are now being made, (copied after our original designs,) which are manufactured of **Sheet Zinc and covered with a thin solution of Copper with Zinc Tubing,** *unlike our Vanes, which are made of Sheet Copper and Brass Tubing.*

Special attention given to the erection of Lightning Rods, in connection with our Vanes, Crestings, Finials and Terminals. All the varieties of Galvanized Iron, Copper covered and Solid Copper Rods with Fixtures, furnished on short notice, *(see page 100.)* *Send for our Price List.*

With the view of simplifying the ordering of our Vanes, please describe each design by the name, &c., given in this book; always specifying the **Figure Number,** *size of Vane, and number of this Catalogue, (No. 7); also be careful to give full and particular shipping directions.*

It will be our endeavor to ship all goods with promptness, and careful attention is given to packing.
